Vision

To be a leading black-owned support services company in South Africa, recognized for delivering safe, innovative, and sustainable solutions.

Mission

To provide our clients with reliable, cost-effective, and safety-driven support services that contribute to operational excellence, while creating opportunities for skills development and economic empowerment.

Core values

- **Safety First** – Zero harm to people, environment, and equipment.
- **Integrity** – Ethical and transparent business practices.
- **Excellence** – High-quality service delivery on every project.
- **Innovation** – Continuous improvement through modern techniques and technology.
- **Empowerment** – Promoting skills development and black economic empowerment.
- **Sustainability** – Committed to environmentally responsible operations.

Compliance and certification

- 100% Black-Owned and B-BBEE Level 1 Contributor
- ISO-aligned Safety and Environmental Management practices
- MHSA and OHSA Compliant
- Compliance with South African Labour Laws

Management and Team

Nomadhlozi Investments is led by a strong executive leadership team comprising the Founder and Chief Operating Officer, bringing together extensive strategic and operational mining expertise.

Collectively, the leadership team holds professional membership with the Association of Mine Managers of South Africa (AMMSA) and the South African Institute of Mining and Metallurgy (SAIMM) and includes holders of the Mine Manager's Certificate of Competency (MMCC). Academic qualifications span a B-Tech Degree in Mining Engineering, with executive and professional development through the University of Johannesburg and the Gordon Institute of Business Science (GIBS), University of Pretoria.

With a combined 21+ years of hands-on mining experience, the leadership team has operated across gold, platinum, chrome, and diamond mining environments, including significant exposure to mechanized underground mining. Their expertise covers underground mine planning, resourcing, execution, and life-of-mine optimization, supported by strong financial management and operational control capabilities.

The leadership team holds multiple statutory mining certifications, including Blasting, Mine Overseer, and Mine Manager certifications, ensuring a deep understanding of regulatory requirements and operational risk management.

United by a strong commitment to a zero-harm safety culture, Nomadhlozi Investments' leadership places safety, compliance, and responsible mining at the core of all operations. Known for disciplined leadership, analytical thinking, and effective people management, the team fosters productive, accountable site cultures that contribute meaningfully to mine efficiency, sustainability, and long-term value creation.

Target Market

Our services are tailored for:

- Mining houses (diamond, gold, platinum, coal, iron ore, manganese, chrome, etc.)
- Junior miners and emerging mining companies
- Contract mining operators
- Government and private sector projects requiring mining support
